Public Companies.

HUMPHREYS ESTATE AND FINANCE COMPANY, LIMITED.

NOTICE IS HEREBY GIVEN that an EXTRAORDINARY GENERAL MEETING of the above Company will be held at the Hongkong Hotel, Hongkong, on FRIDAY, the 27th day of January, 1911, at 11.30 o'clock in the forenoon, when the following Resolutions which were passed at the Extraordinary General Meeting of the Company held on Thursday, the 12th day of January, 1911, will be submitted for Confirmation as Special Resolutions:—

(1) That Article No. 70 of the Articles of Association of the Company, which now reads:—

"The Directors shall have power from time to time and at any time to appoint any other persons to be Directors, but so that the total number of Directors shall not at any time exceed seven and so that no appointment under this clause shall have effect unless two-thirds at least of the Directors concur therein," be amended by eliminating the word "seven" in the third line of such Article and by substituting the word "six" thereof, and also by eliminating the words "two-thirds at least" in the fourth line of such Article and by substituting the words "a majority" thereof.

(2) That Article No. 74 of the Articles of Association of the Company, which now reads:—

"The Directors other than the General Manager shall be paid out of the funds of the Company by way of remuneration for their services a commission of five per cent, of the net profits of the Company for each year provided that such profits amount to ten per cent, of the capital of the Company and such remuneration shall be divided among them in such proportions and manner as the Directors may determine and in default equally" be amended by eliminating therefrom the words "provided that such commission shall not in any one year exceed the sum of \$1,000."

(3) That Article No. 81 of the Articles of Association of the Company, which now reads:—

"The remuneration of the General Manager shall be \$1,000 per annum to cover office rent and salaries of Secretary and clerks and a commission of five per cent, of the net profits of the Company for each year that such profit amounts to ten per cent, of the Capital of the Company" be amended by eliminating the words "that such profits amount to ten per cent, of the capital of the Company" contained in the fourth and fifth lines of the Article in question.

(4) That Article No. 105 of the Articles of Association of the Company be struck out and that in lieu thereof the two following further Articles be added, namely:—

No. 105.—

"Notice of the Declaration of any dividends which her, later or otherwise shall be given to the holders of registered shares by advertisement in manner hereinafter provided and no dividend shall bear interest as against the Company and a dividend shall not be deemed a specialty."

No. 105A.—

"All dividends declared for one year after having been declared may be invested for otherwise made use of by the Directors for the benefit of the Company until claimed and all dividends claimed for five years after having been declared may be forfeited by the Directors for the benefit of the Company."

(5) That the above Resolutions shall be retrospective in their effect and that the alterations in the Articles of Association of the Company thereby effected shall be deemed to have been effected and come into force as and from the 1st day of January, 1911.

Dated this 13th day of January, 1911.

By Order of the Board,

TUNG WA HOSPITAL.

At noon yesterday the retiring directors of the Tung Wa Hospital, and the newly-elected directors, headed by Mr. Lau Chu Fa (revising chairman) and Mr. Chan Kai Ming (new chairman) called at Government House and waited on His Excellency the Governor. The report was as follows:—

"Sir, I have the honour to submit to the information of His Excellency the Governor the report of the outgoing Directors of the Tung Wa Hospital for their term of office (21st December, 1910, to December 19th, 1910), and a statement of accounts for the same period.

The management was handed over to us on December 19th, 1910, and on the following day we entered upon our duties. At the first meeting of my colleagues were doubtful as to their rights and responsibilities on the board, thinking that the president and the vice-presidents had the sole control of everything in connection with the management, I lost no time in removing this delusion, and, with the concurrence of yourself I explained to them, at the first meeting on the 20th December, 1910, that the president and the vice-presidents were not the superior executive officers but that all the Directors were, *first class*, *equal*, except that the president had a casting vote, and consequently that all responsibility and power had to be equally shared by all the Directors. I am glad that this was done, because with the knowledge that both credit and blame would be equally shared by all, better attendance was secured during the year at the weekly and other meetings, and my colleagues did greatly and energetically carry out the work allotted to them, besides taking keen interest in all debates and deliberations.

The cash balance of \$1,631.77 left by our predecessors was not of much great assistance to us as it was first *debt*. As a matter of fact, the gross profit of it consisted of funds temporarily entrusted to us to meet liabilities incurred by the hospital and could not be utilized for the general purposes of the Hospital.

Of the total amount, we paid a sum of \$5,663.37 for the extension and reconstruction of the clerical staff's quarters and the kitchen in the Hospital, \$1,031.6 for the alterations, and repairs of the small-pox hospital in Kennedy Town, and \$855.28 for the plague wards in New Street, etc. Some of these buildings were still in course of construction and others not quite completed when we assumed office.

Of the remaining \$10,863.3, a sum of \$2,000 was to be reserved for a small-pox hospital to be erected in Yaumatei, and the accounts are more particularly instead of being lumped together as before.

At the first meeting of the subscribers held during our predecessors' term of office, and the balance we thought had better be left alone, so as to enable our successors to meet the cost of equipment and other contingent expenses in future.

The site of this small-pox hospital has since been surveyed and every preparation made to commence the building work before the end of December, 1910.

One of the first steps taken shortly after we were installed in office was to draw a rough statement of the income and expenditure of the Hospital, and the first year we had even with the smallest economy, exceed the former by about \$1,900. With a view to meeting this deficit, we felt compelled to have recourse to the generosity of the Chinese Public, as our predecessors, for former year, so often had to do, and to make whatever arrangement appropriate to us possible.

In preparing for keep, we thought that if we might, at the same time, be made to raise a sufficient sum to lecture a home to be built close to the Hospital for the kidnapped and destitute, (of whom the very least hundreds are every year received through the Registrar-General's office, to be cared for and returned to their homes, and also to help out and extend the "Kung Fong" wards, which, from a hygienic point of view, were far from meeting modern requirements. During the year under review 17.6 of the destitute and kidnapped class of all ages we sent to the Hospital from the Registrar-General's office and 166 reported themselves direct at the Hospital, totalling 1,892.

For the former purpose, a steamer consigned to the Hospital at the upper end of Po Yan Street was graciously and readily granted by the Government. Our thanks are due to the generosity of the Chinese community, for, when our objects were made known to them, they contributed a sum of \$5,000.00. Of this amount, we set aside a sum of \$500.00 to be spent on the home for the kidnapped and destitute, which is a three-story building now in course of construction.

When completed, it will provide sufficient accommodation for 100 persons with bathrooms, kitchens, dining room, &c., we arranged. It is estimated that the improvement and extension of the "Po Fong" wards will cost about \$20,000,000, but for the present only \$10,000 need be expended. What were once low and narrow wards are now being replaced by a three-story, well-ventilated building divided into three spacious wards capable of accommodating 40 patients, the servants' quarters, store-room, kitchens, bathrooms and latrines being tastefully arranged and detached from the main building.

On the ground floor, besides an observation ward, a ward for delirious patients will also be provided. The remaining \$1,000.00 will be found very useful for covering the cost of such repairs as are found absolutely necessary, to which further reference will be made later on.

Mr. Little is the architect for these new buildings, and we desire to record our thanks to him and hearty appreciation of the courteous and liberal manner in which he has rendered us his valuable services and planned out the work satisfactorily and economically.

Before proceeding further, I should point out that with separate quarters to the outpatients and the destitute, the Hospital always appears to be overcrowded, as very often when the wards were fully occupied, these people had to sleep under the verandahs or in the open yards, and during the day they solicited about the premises to the annoyance of the patients and the servants.

The new plague wards in New Street, too, owing to the noise from the street and their exposed position, are not altogether suited to the purpose for which they were intended. We acted with Dr. Thomson and his successor, Dr. Fitzwilliam, that the "Kung Fong" wards are more favourable, being more secluded from the other wards and in a quiet neighbourhood.

These works were not only desirable but necessary.

As regards re-arrangement, we found that on account of the increasing popularity of the hospital and of the several additions and extensions recently executed, it would be impossible to effect any saving without impairing the efficiency of the Hospital. But in one respect we believe we have effected an economy following in the footsteps of our predecessors. Our efforts have been directed to a further re-organisation of the Chinese dispensary, and the Dr. Gould was invited by us to several conferences. As a result instead of letting the dispensary by contract, as it was done last year, we appointed some members of the guild, who volunteered to make purchases and supervise the preparation of the drugs on our behalf and to use it for us. By so doing, reckoning the medicines prepared at the same prices as were charged by the contractor last year, a saving of about \$700 per month has been effected without reducing the quality of the medicines. To these few gentlemen our hearty thanks are due, and we sincerely hope that they may be persuaded to make it the business of the entire guild to assist the hospital in running the dispensary in future.

The European branch of the dispensing department also did not escape our attention. We found the price being paid for chemicals were higher than what they should be. With the unanimous support of my colleagues, I approached Messrs. A. S. Watson & Company, Limited, and made a special arrangement with them to supply all the orders of the hospital at wholesale, every order to be counter-signed by the president himself. As the use of European medicines is bound to increase as time goes on, they form a by no means small item of the expenditure, and therefore deserve the personal attention of the Directors. We have approached the Government for an increase in the grant for European medicines and our application has received favourable consideration.

Since March 1st, an altered system of book-keeping was introduced as advised by yourself and in accordance with the wish of His Excellency the Governor. Under the present system European methods are adopted, and the accounts are more particularly instead of being lumped together as before.

At a glance, all can now see the financial position of the hospital without much difficulty. All the vouchers and orders, too, must be checked and initialled before payment by two or three of the directors other than the president and vice-presidents, who act as treasurer.

Throughout the year, both the main-buildings and the extensions including the small-pox hospital in Kennedy Town were maintained in thorough repair and good condition. The annexes on the opposite side of Po Yan Street was over-hauled, the ceilings, which had been the subject of criticism by many visiting Justices, having been in some wards removed, and in others put in good order. An extension of the New Street wards to prevent accidents, the laundry was restored to a good useful state and a private room for laundry provisions, which were formerly kept in several places was provided. The mortuary in Sandy Bay together with the pathway leading to it from Mount Davis, which for years had been badly out of repair, were also attended to, the repairing of the pathway alone costing \$1,120.00. To defray the costs of all these repairs we have utilized the balance of \$5,208.28 above referred to.

As regards the estimated deficit, now incurred by the hospital in every possible way, we found that towards the end of November a sum of about \$6,000 would still be wanted to make it good. After consulting with yourself and my colleagues, all deeming it would be inadvisable to make another appeal to the Chinese Public for assistance, a theatrical performance was inaugurated and held in the Tai Ping Theatre for two days and nights to raise the required amount. The result was very gratifying, better than what the most sanguine of us could have expected. Due to the efforts of the company of actors, the rest of the theatre, on a subsidiary basis, &c., amounting to seven thousand odd dollars, we succeeded in obtaining no less than \$1,564.4 for the Hospital. This success was undoubtedly due to the untiring efforts of all those who volunteered their services to help us, and to the perfect harmony and good spirit in which they carried out the various tedious duties allotted to them.

Our gratitude was due to the principal actors who came from Canton and gave their services free to the shop and restaurant keepers for their supplies of food, cigarette, perfumes, flowers, &c., to the members of the Consular Society and several of the Kung-fu committees of the Tai-Ping-Pun in their labour in decorating the Sal-Yuen and keeping watch night to the Wai-Saang-fu and Lai-Ying-fu, whose aerated water and coffee stalls, too at their own expense, collected sundry subscriptions to the extent of \$78.51 and \$2,53.60, respectively, to the little girls, who cheerfully lent their services to the Kung-fu.

Mr. Little is the architect for these new buildings, and we desire to record our thanks to him and hearty appreciation of the courteous and liberal manner in which he has rendered us his valuable services and planned out the work satisfactorily and economically.

Before proceeding further, I should point out that with separate quarters to the outpatients and the destitute, the Hospital always appears to be overcrowded, as very often when the wards were fully occupied, these people had to sleep under the verandahs or in the open yards, and during the day they solicited about the premises to the annoyance of the patients and the servants.

These works were not sufficient to keep us busy, we had no extra calls on our time and attention, except that, early in the year, an appeal was made to us for help on behalf of the famine sufferers of Kong Pak, and the charitable institutions of Canton asked us to co-operate in carrying out the sale of cheap rice, whilst, later, we assisted

locally in holding a literary competition to

raise a small sum for the latter purpose, in building up a fund for the relief of the Chinese widows and orphans resident in the Colony and in collecting subscriptions for the hospital in Third Street.

On the whole, the staff of the hospital performed their duties satisfactorily. We only regret that Dr. Jew Hawk and Dr. Leung Chih Fan, who had done excellent work for so long, left their connection with the hospital almost simultaneously. Dr. Jew Hawk, though brought up and educated abroad, thoroughly acquainted himself with the habits and customs of the Chinese, and by his courtesy, tact and sympathy won the respect and admiration of not only those who were placed under his care but also those who worked with him. Their places have been filled by Dr. To and Dr. Lam respectively. Dr. Fitzwilliam during the few months he acted as the visiting surgeon took great trouble to study the prejudices of the Chinese, and in all his dealings with them, he was very courteous and sympathetic. To all these gentlemen we wish to tender our thanks for the cordial and polite manner in which they gave us their assistance and advice when needed.

The number of persons who came to the hospital for Chinese medical assistance during 1910 totalled 100,500, outdoor patients being 102,322 and indoor patients 4,157. Of the latter, 46 occupied private wards and paid their own expenses. The number of persons who came for European medical assistance was 10,709, of whom 8,705 were outdoor patients and 2,001 indoor patients. The year, however, was comparatively a clean one, so far as plague was concerned, only nineteen cases having been admitted. Small-pox cases numbered eight, all of which were discharged thoroughly cured, and they were treated according to Chinese methods.

That such a high percentage of cures in the case of small-pox could have been successfully effected might have been due to absence of alarm and early report, and in the case of children, also to their mothers being allowed to nurse them in the hospital subject to certain precautions.

As to the Man Mo Temple, which is also under our charge, everything went off smoothly. There is nothing of interest to report except that its free schools, in which only the Chinese language is taught, are growing in popularity. At the beginning of last year, 700 Chinese boys, all of the working class, ranging from 7 to 13 years old, came to the hospital to draw lots for the comparatively few vacant seats in the schools. The older boys came by themselves, while the younger ones were accompanied by their parents. They were in great eagerness to gain admission, and it was quite a sight to see some of those who failed to gain admission, going away crying. These schools are entirely supported at the expense of the Temple.

The Kwong Wa Hospital, for the erection of

which you and the special committee had during the last two years spent so much time and trouble in raising the required funds, will be completed early next year. The hospital will, in its immediate future, become a very useful extension to the Tung Wa Hospital in meeting the requirements of the growing population of Kowloon. For its equipment and furnishing, we also took part in appealing to the various guilds for contributions. It is a matter of regret that time did not permit us to see this institution in proper working order before we retired.

On January 1st, 1911, we relinquished our

duties and handed everything over to the New Board with Mr. Chan Kai Ming as the Chairman and Messrs. Koi Kai Nam and Tang Chung Chak as the Vice-Chairman. As the Chairman, in addition to his many responsibilities, has very often to do the work of a secretary and translator, the Hospital was fortunate in securing Mr. Chan's services. Mr. Chan has a good knowledge of the English and Chinese languages and is a practical business man.

In conclusion, we beg to tender our heartfelt

thanks to the Government and the Chinese

Public for the confidence reposed in us and

for the readiness with which our appeals for

assistance and advice were responded to. We

also highly appreciate the prompt and faithful

manner in which the staff carried out our

instructions. To all those with whom our

duties frequently brought us into contact,

particularly yourself, our hearty thanks are

ADULTERATION.

The community will fully endorse Dr. Fitzwilliams' remarks at the Sanitary Board meeting yesterday on the subject of the adulteration of alcoholic beverages. He suggested that tavern keepers guilty of this practice should be "posted" in all bars in the Colony and their names otherwise made public. Although, as the President pointed out, the adulteration of spirits is a matter on which the Board could scarcely speak with any great weight, since it affects law and order more than public health, nevertheless incidentally it does affect the latter—directly, as regards the person imbibing the dangerous liquor, and indirectly as regards the public, as witness the recent cases of manslaughter; and therefore the matter was very properly brought up before the Board. As Dr. Fitzwilliams said, it is very much to the benefit of the population that bad spirits should not be drunk, and his suggestion was rather directed against those places in which bad spirits were likely to be sold. A man is certain to stop keeping bad spirits if he knows that his name and the nature of his offence will be published in all his fellow public-house keepers' taverns, and such publication is very likely to drive the people who support the Queen's Road houses into the places they should support, namely, Service canteens. The public-houses along Queen's Road are largely kept alive by the soldier and sailor, who could get probably better drink in his own canteen, where he is under better supervision. We trust that Dr. Fitzwilliams' suggestion, which will be put before the Licensing Board by Mr. Shelton Hooper, will be adopted by that body. The Registrar-General touched on another side of the question during the discussion on bad spirits. He asked if there were no other articles of food that were adulterated. No information was forthcoming, but in this connection we may point out that the attention of the authorities might be directed to the conditions surrounding certain bakeries in outlying districts. In one case, at least, to our knowledge, a bakery carries on its business in conditions anything but sanitary. It is adjacent to works that create a continuous cloud of dust, and the dwellings adjoining are foul. We are sure the authorities will take up the matter.

LOCAL AND GENERAL.

THE *Kangaroo Man* (Capt. C. Barker) reports bad weather from Singapore.

On the 23rd Admiral Kawashira will be "At Home" on board his flagship, the *Taisho Maru*, to the residents of Hongkong.

A PAINTER was sentenced to day to 15 days' imprisonment for stealing a pair of boots from a stoker on H.M.C. *Albatross*.

THE German Crown Prince Reception Committee's offices have been moved from the Connaught Building to 2, Connaught Road, 3rd floor.

On the arrival of the T.K.K. liner *Ch'yo Maru* at San Francisco from Yokohama on Dec. 28 five Chinese stowaways were found on board.

A CHINAMAN was fined \$5 or one month at the Police Court this morning for being in unlawful possession of a quantity of iron at Douglas Pier.

A COOLIE was arrested three months' imprisonment and four hours' stocks this morning for the larceny of a long-coat at the Spring Gardens.

FRESH from the successful completion of the naval dockyard at Simon's Town, South Africa, Sir John Jackson is travelling eastward and will visit Singapore next month.

Mr. Nicolay will read a paper on "The Technical Education and Advancement of Marine Engineers" before the Institution of Engineers and Shipbuilders, on Friday, January 20, at 9 p.m. in the institution.

His Excellency the Vicaroy of India has informed a deputation that the King has chosen Delhi as the site of the Durbar and no useful purpose would be served by re-presenting to His Majesty the claims of Calcutta.

A CHINAMAN was charged at the Police Court this morning with entering a house at No. 22, Queen's Road East, with intent to commit a felony. The man was sentenced to three months' "hard" and four hours' stocks.

Owing to slight indisposition, Lady Lurgard was unable to distribute the prizes to the pupils of St. Stephen's Girls' College yesterday and was compelled to cancel a number of her engagements. We are glad to learn that her Ladyship is progressing favourably.

ELEVEN men, most of them Chinese, were arrested by Detective Sergeant Murphy last night for gambling in No. 7 Hong Kong Lane. They were brought before the Magistrate this morning and a fine of \$4 was imposed on the first ten. The last defendant's bail of \$5 was forfeited.

The students of St. Joseph's English College are giving a dramatic entertainment on the evenings of the 25th and 26th instant, at 8 p.m. A full-dress drama will be staged, which promises to be very interesting. The Philharmonic Orchestra of the Catholic Union will play choice selections before the acts.

Capt. Burrows is on the 25th on the 25th from the Californian oil fields. He has been away about three months on behalf of a number of local gentlemen who are interested in oil concessions in Timor. Capt. Burrows has visited a large number of the biggest oil wells in California, and the knowledge thus acquired as to the working of the wells will be utilized to the full in the development work now contemplated in Timor.

SIR HENRY AND LADY MAY.

TO BE ENTERTAINED BY THE JAPANESE CONSUL-GENERAL.

Mr. T. Furutani, the Japanese Consul-General, is giving a banquet at his residence in honour of Sir Henry and Lady May.

Admiral Kawashira, and other officers of the Japanese squadron, which is expected back from Canton on the 21st, will be present, as well as the leading members of the community.

EXEMPTION OF JURYMEN.

THE CHIEF JUSTICE ON A LOCAL GRIEVANCE.

Before the Criminal Sessions opened this morning at the Supreme Court, Sir Lordship, the Chief Justice said that he was anxious to point out one thing to the jury generally.

In every case he had received letters from residents asking to be excused from serving, one grand or another. The Court had no power to exempt any jurymen. It was only possible to exempt if the jurymen was before the Court as a public duty.

His Lordship said he had reluctantly refused all the applications for exemption which had been placed before him, for the last three months.

In the convening of the jury the Court had tried to give as little inconvenience to the public as possible. But the remedy lay in the hands of the jurymen themselves. If they would move the Chamber of Commerce in the matter, the Chamber would, no doubt, make such representations to the Government that the Court would be empowered to exempt any jurymen in such a case as single-handedly in the office.

Until the Chamber moved in the matter the Court could do nothing.

HUMOUR IN THE STRAITS.

Thus writes the editor of the *Straits Echo*, who is well known in Hongkong:—At an official function this week, a highly placed person remarked, after some complimentary reference to the *Echo*, that over seventy per cent. of the European population of the Colony had no sense of humour. We respectfully submit that this was a gross misstatement—and suggested that it be amended by the substitution of 80 per cent.

SIR HENRY MAY.

HIS SERVICES DURING THE 1894 PLAGUE OUTBREAK.

Mr. A. Shelton Hooper, when proposing at the Sanitary Board meeting yesterday the resolution congratulating Sir Henry May on his new appointment, referred to the Hon. gentleman's services to the Colony during the 1894 plague outbreak. He said:—In moving this resolution, sir, it will be with the knowledge of some of the members at this table when Sir Henry May was on a special cadet in this Colony; when he acted for a time as private secretary to one of our governors who predicted for him a fine government. I allude to Sir William Das Vosz. He steadily progressed in his services on behalf of the Crown, and whilst holding the appointment of Captain's Superintendent of Police he became thereby an ex-officio member of this Board.

It was whilst he was so acting that the plague which was practically unknown in modern days in any part of the world, broke out here with tremendous violence, and we had to march nearly to Capo with it. It devolved on the police and the members of the Sanitary Board and its officers to do the best they could, and the yeoman service that was done at that time will never be forgotten by those who were here then and can remember it.

The small area of Taiping-shan, and more particularly that portion of Taiping-shan which is now Big Gaien, became the centre of the epidemic, and the death-rate amounted to 100 per day. The Chinese were so scared that they did not dump the corpses into the street but left them in their houses to be found. There were not sufficient officers to put these corpses in the coffins, but it is a known fact that Sir Henry May was one of those who actually performed that service. I allude to it because perhaps it was the greatest epidemic that has ever taken place with such violence in such a confined locality in any part of the world and is one that should not be forgotten by members. This is a good opportunity to place on record our appreciation not only of those services, but of services his brother to sanitation generally. I venture to say that the statue book-to-day, so far as it deals with the public health and buildings of this Colony, would have borne a different complexion if he had not been here.

POLICE COURT.

A JAPANESE stowaway on the S. S. *Arras* was sentenced at the Magistrate this morning by Mr. E. R. Hallifax to one month's hard labour. His statement was that while he was loading coal at M. J., the steamer left, and he had no time to leave.

PRESENTATION TO LADY MAY.

GIFTS FROM THE LEADING CHINESE OF HONGKONG.

A pretty and interesting little ceremony took place in the City Hall this afternoon, when the leading Chinese of Hongkong presented Lady May with a handsome gift. This consisted of a beautiful jade bracelet, two handsome silver tea-cups and saucers, a magnificently carved ivory ornament, the chief feature of which was a ball within a ball, the number being nine, and four embroidered panels, with two scrolls.

Ho Ho, Dr. Ho Kai, who was supported by Mr. Wei Yuk, Messrs. Ho Fook, Lau Chi Pak, Ho Kom Tong, Ng Ho-ko, Chau Sui Kai, Sin Tak-fan, Wong Kun-kek, Leung Iu Chi and others, made the presentation.

HIS EXCELLENCY THE GOV. RNR
ON "SUFFRAGETIS."

Today was a day of the Bellios Public School, and a very pleasant festival it proved. The Head Mistress read her report as follows:—

The report on the year's working is very satisfactory, no fewer than five pupils entered for the Oxford Preliminary and all passed. Their average age was only thirteen years.

Good progress was made in Domestic Economy, a subject urged last year by His Excellency the Governor. Physical drill markedly improved the playing and carriage of the girls, while the hygiene class did excellently. Class IV, composed of Chinese girls, who have been in the school from 3 to 4 years, entered for this examination and were successful in winning the Shield. This is the first girls' school to win it, and the fact that Chinese girls after 3 or 4 years' education in English could come first in an examination in which English is incomparably encouraging.

The Head-mistress concluded her report as follows:—"As this past day brings to a close my work in this school, I should like to take the opportunity of saying how much I have enjoyed here. My feelings are very mixed, but I am sure that the girls have been very happy here.

Both the attack and defending "armies" did excellent work, the "fighting" lasting all the morning and ending at 12.45 p.m., when the "Cossacks" were victorious.

The forces have returned to the Colony after a very successful day's work.

QUEEN'S COLLEGE.

PORTRAIT OF ANOTHER MASTER TO BE PRESENTED.

We understand that Mr. Chen Kai Ming, the present chairman of the Tung Wah Hospital, intends to present a portrait in oils of Mr. W. M. B. Arthur, formerly a master at Queen's College.

Mr. Chen Kai Ming is himself an "old boy" of the College.

The portraits of past worthies presented to the College now comprise the following: the late Dr. Frederick Steward, the late Mr. G. F. Parsons, and Mr. A. J. May, I.S.O. and a bust of Mr. Geo. Bateson Wright, whom no better principal occupied the leading professorial chair in the College.

HONGKONG ATTACKED.

MARRATAS AND RIJPUTS ATTEMPT INVASION.

On Monday and Tuesday night the Colony was supposed to be attacked by the Rajput and Marattas six hundred strong. The defending force was formed of the K. O. Y. L. I. and a battery of Q. V. Inters, Capt. C. H. Ross, of the Scotts Company, took charge of the latter.

The volunteers left Blake Pier at 5 p.m. on Monday and landed at Gledshanks Bay before six. They marched to Pine Apple Pass and camped there.

The next day they were attacked by a company of the K. O. Y. L. I., with whom they worked during the operation.

Both the attacking and defending "armies" did excellent work, the "fighting" lasting all the morning and ending at 12.45 p.m., when the "Cossacks" were victorious.

The attack was repelled all along the line, with a loss of 100, but not without heavy loss.

The forces have returned to the Colony after a very successful day's work.
